Please take the following steps in order to charter a NEW student organization or club at Pitzer College:

1. **Review the Pitzer Student Organization Information and Responsibilities**
   All student clubs and organizations are required by the Student Senate Constitution to fulfill a number of different requirements, obligations and responsibilities. Information on Student Organizations can be found in Article VIII of the Constitution.

2. **Find other Pitzer Students who are interested in joining this new club**
   In order to comply with the Student Senate guidelines, each student club is required to maintain a membership roster of *at least eight active club members*. We encourage you to reach out to other individuals who may be interested in joining your club, and create a comprehensive membership list of all members.

3. **Draft an Organization Charter**
   Each club is required to maintain an Organization Charter (or Constitution). You will need to create a charter for your organization prior to submitting an application. Please see the template below for instructions on how to create this document, but you should feel free to adjust the structure and contents depending on your organization’s purpose and needs.

4. **Submit the New Student Organization Application online**
   Once you have all of your organization’s logistics and documents in order, please carefully fill out this application online, which you can find on the Student Senate website. If your club will be requesting funding from Student Senate, be sure to indicate such in the application and provide specifics for your proposed budget. Remember to add your Organization Charter as a file attachment to this document.

5. **Review and Approval at the Student Organizations Committee**
   After submitting your club application, the Student Senate Secretary will notify you of an appointment with the Student Organizations Committee. You are REQUIRED to attend this meeting to present and discuss your proposed organization with members of the committee. Please come prepared and ready to answer questions. The committee will assist you with the approval process, and will help you make any needed changes to your application. Once the committee feels you are ready, they will vote to forward your club to the Student Senate legislature.

6. **Confirmation by Student Senate**
   Your club will be placed on the agenda of a Student Senate meeting for a confirmation vote. A simple majority of the legislature is required in order for your student organization to be approved. You are not required to attend this meeting, but you may do so if you wish.
